

# Technical Data Stairs

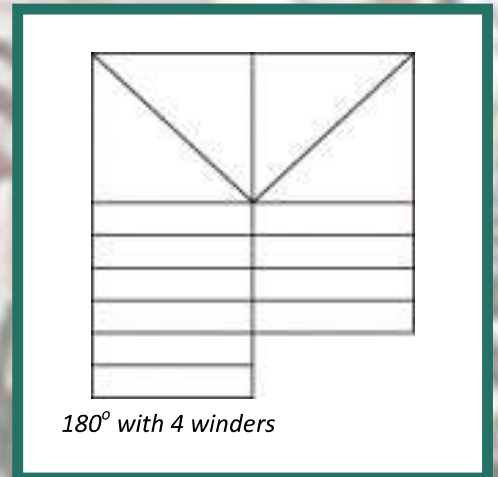

Continental Stairs produces standard staircases or any custom designed staircase to fit your house and style.

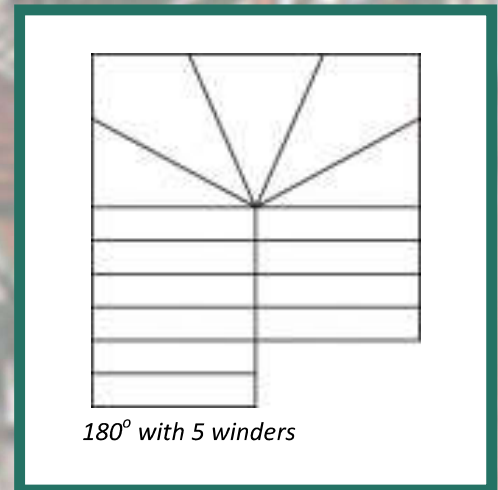

180° with landing

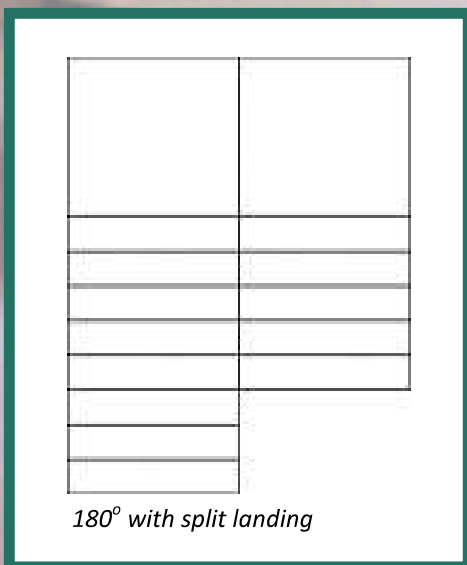

90° with 3 winders

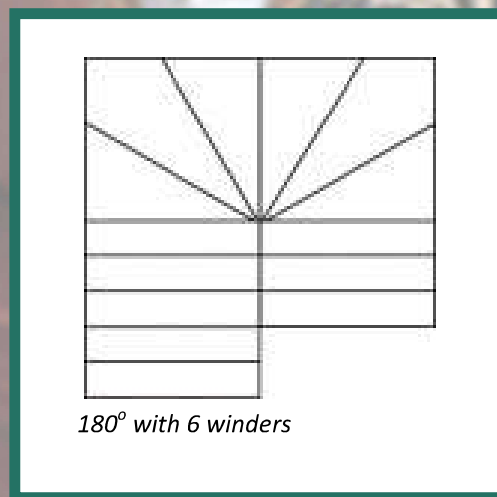

180° with 4 winders

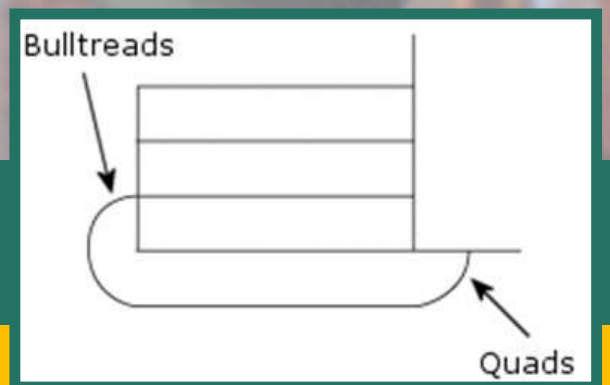

180° with 5 winders

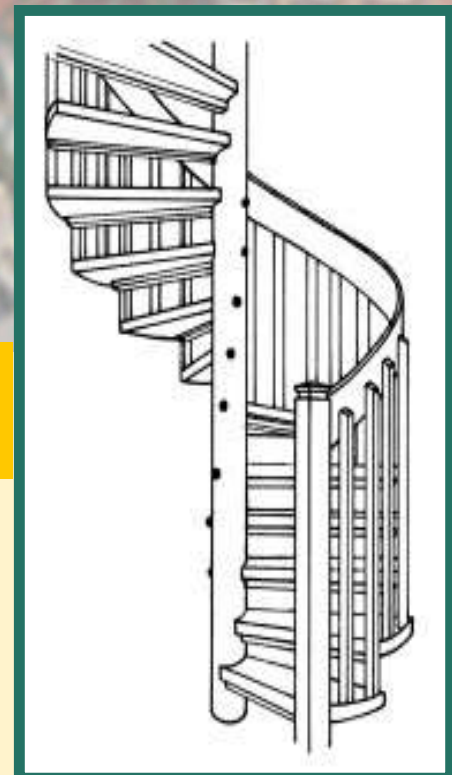

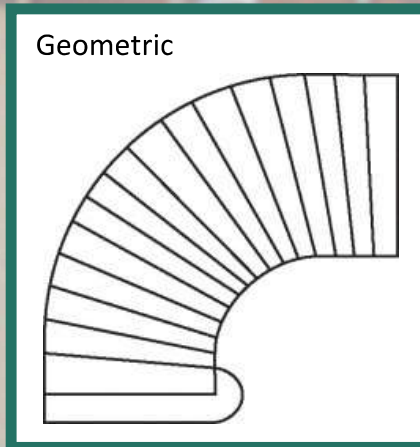

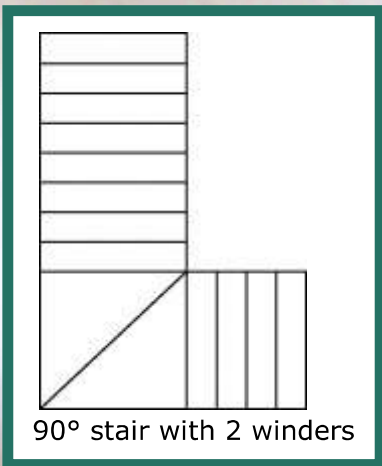

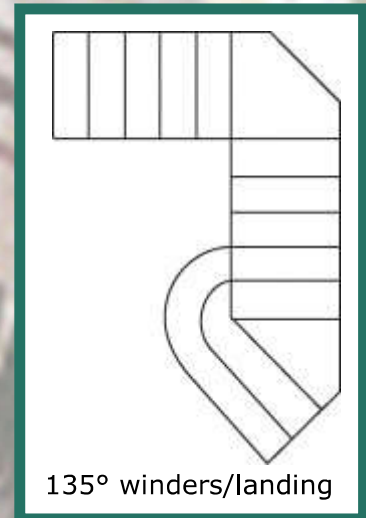

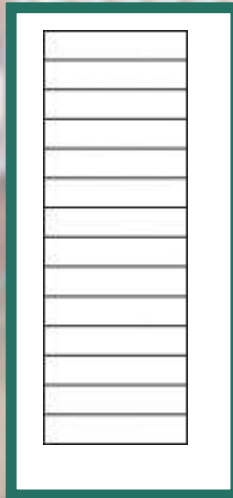

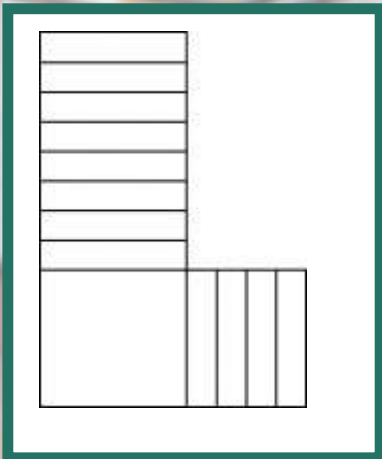

180° with split landing

180° with 6 winders

## Spiral Stairs Data

Continental spiral stairs are available either left or right-hand. If you enter the stair at the bottom with the handrail on the right you have a right-hand stair. If you enter the stair at the bottom with the handrail on the left you have a left-hand

To allow for ease of installation and comfort in use, the opening in the floor should be finished no less than 50mm greater than the diameter to the stair; thus:

Stair diameter	Finished opening	Frame to
1500mm	1550 x 1550mm	1600 x 1600mm
1650mm	1700 x 1700mm	1750 x 1750mm
1800mm	1850 x 1850mm	1900 x 1900mm
